## 70FT CRANE BOAT: LOCK GATE CHANGING

The Rothen Group's fleet of 70ft Crane boats are ideal for lock gate replacement projects. The boat has the capacity to carry the lock gates to/from site as it has a large hold space with gate frames (if required) and then work off its hydraulic stability legs to create a stable platform for replacing the gates.

These are fitted with radio remote controls for optimum visibility and usability. They can also be fitted with a range of attachments from clam-shells to piling hammers.

### KEY INFO

- LENGTH: 70FT (21.3M)
- DRAUGHT: 32" (800MM)
- BEAM: 7FT (2.1M)
- HOLD SPACE TO CARRY LOCK GATES
- ADDITIONAL GATE FRAMES AVAILABLE
- WELFARE
