## HYDRAULIC POST DRIVERS

We have a range of hydraulic post drivers for hire to suit machines from 1.5 to 5 tonne. Specialist driving caps can be fabricated to suit individual applications. Especially suited to driving posts for the installation of nicospan and coir rolls.

## HYDRAULIC BREAKERS

We have a range of hydraulic breakers suitable for different applications.

- The SD21 can be mounted on machines from 1 to 3 tonne.
- The SD22 can be mounted on machines from 3 to 4.5 tonne.
- The SD23 can be mounted on machines from 4 to 6 tonne.

### JCB BEAVER PACK

The modern alternative to pneumatic breakers for asphalt and concrete. This mobile, heavy-duty breaker combines high-performance with low operator fatigue. It is a vibration damped breaker, ensuring comfort for the user. These can also have a post driver attachment fitted to them.
